

Amendments to the Specification:

Applicant requests that the following amendments be applied to the instant application. Specifically

Applicant requests that the first full paragraph on page 38 beginning with, "The term 'computer-readable medium' as used herein refers to any media that" be replaced with the replacement paragraph below which is marked according to MPEP § 714(II)(B).

The term "computer-readable medium" as used herein refers to any media that participates in providing instructions to processor 504 for execution. Such a medium may take many forms, including but not limited to, non-volatile media; and volatile media; ~~and transmission media~~. Non-volatile media includes, for example, optical or magnetic disks, such as storage device 50. Volatile media includes dynamic memory, such as memory 506. ~~Transmission media includes coaxial cables, copper wire, and fiber optics, including the wires that comprise bus 502. Transmission media can also take the form of acoustic or light waves, such as those generated during radio wave and infra-red data communications.~~
